

FACUNDO SANTANA

WEB DEVELOPER

Seeking professional fulfillment, I decided to join the technology sector of which its innovation and growing speed were always something that aroused great curiosity in me, overcoming challenges and adapting to trends with the aim of put into practice the new acquired knowledge.

Both team sports and travel have provided me with qualities that characterize me like how to be flexible and organized, and I have aptitudes such as teamwork, conflict resolution and leadership skills, forged through the discipline and perseverance that characterize me.
